

# Walking Dusty

---

1. What is humanity supposed to be about? What is your purpose?
2. Ephesians 4:4&5 uses the word “one” seven times. What does it mean to be called to be one?
3. How do we know that “all” are called and not just “some?” (Ephesians 2:10)
4. God has given each one of us gifts, but we are not called to function in our gifts alone. Why do we all need each other? (I Corinthians 12:11-14)
5. What does it look like to live life in a community with other believers where you are given permission to be authentic?

If we are all called to be a part of Christ’s body, there is only one head and that is Christ. In order to maintain unity in the body, we all must display equal concern for each other and respect each other’s gifts and talents.

When all the pieces of a mosaic come together, God’s body working in unison, the picture presented is a beautiful masterpiece and a sweet aroma to our Father.

Question to ponder: In the deepest part of your being, do you know your purpose and meaning in life?

As you give your life to Christ, are you ready to be a part of what God is doing. Your piece to the mosaic is very important. We desire to love you well and are ready to embrace you into the body of Christ.

***Scripture Memory: Ephesians 4:16(NIV) “From him the whole body, joined and held together by every supporting ligament, grows and builds itself up in love, as each part does its work.”***
